Kumbhabhishekam Donation Counter Quick Guide

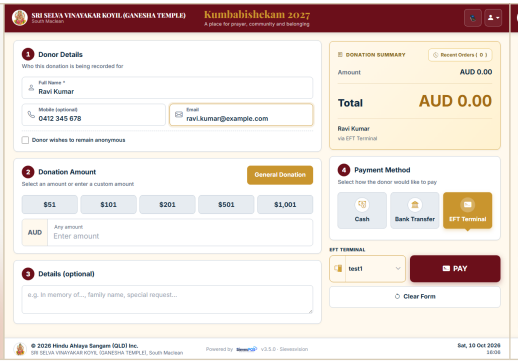

1 Sign in screen

Tap Username, then your 6-digit PIN.

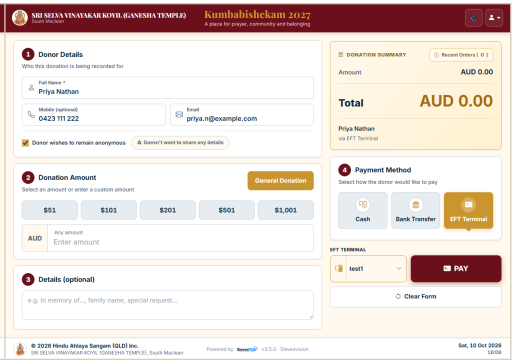

2 Enter PIN

Auto-submits on the 6th digit.

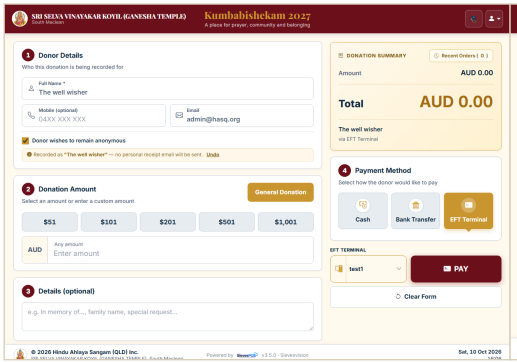

3 Donor details

Full Name & **Email** required. Mobile optional.

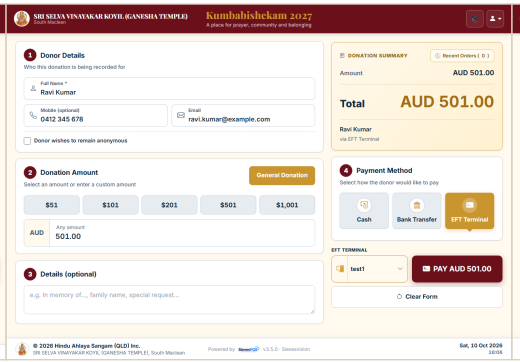

A Anonymous — keep details

Ask first. If OK: fill real details, tick anonymous.

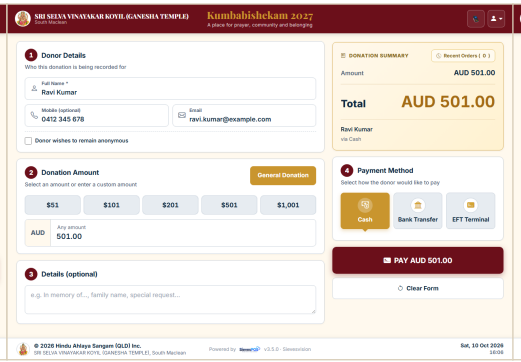

B Anonymous — no details

Tap "Doesn't want to share." Fills **The well wisher** / admin@hasq.org.

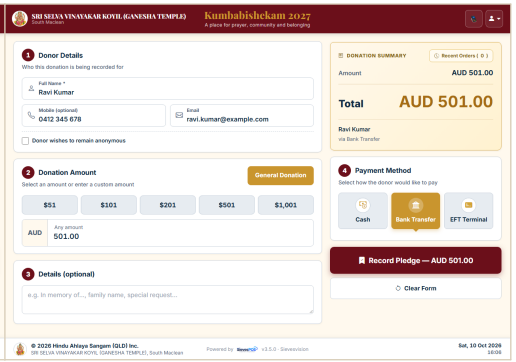

4 Amount & method

Cash, EFT Terminal, or Bank Transfer only.

5 Cash selected

Button reads **PAY** — instant.

6 Bank Transfer selected

Button reads **Record Pledge** — confirmed later.

$ Cash — instant

Count the cash, confirm it matches, then into the **Kumbhabhishekam cash drawer/envelope**.

C EFT Terminal — instant

Hand over the terminal, wait for **Approved**. Receipt sends automatically.

B Bank Transfer — later

An **admin confirms it later** — tap **Complete in POS** next to it in the Settle Till list, confirm, and the receipt sends automatically.

S Settle Till — end of shift

Tap the **Settle Till** icon. Count the drawer, enter what you counted and what's going to the bank, then confirm — any difference carries forward.

"Would it be okay if we kept your name and email privately, just for our records and your receipt?" — ask this before a devotee stays anonymous.

✓ Once saved, the form clears and is ready for the next devotee.

Troubleshooting

● PIN sign-in won't accept my PIN
Locks after too many wrong attempts; screen switches to email & password. Sign in that way, then ask an admin to reset your PIN.

● "EFT Terminal" is greyed out
No card terminal is currently paired to this counter. Use Cash and let an admin know.

● Card payment shows "Payment Declined"
Tap Cancel Payment, then retry the card or switch to Cash / Bank Transfer.

● Entered the wrong email or name
Fix it before tapping PAY or Record Pledge — once saved, the receipt has already gone to whatever was typed. Tell an admin if it's already sent.

● Screen says "Network error"
Check the device's network connection, refresh, and sign in again. Tell an admin if it persists.

● Started the wrong donation
Tap Clear Form to reset everything — including the anonymous options — before tapping PAY or Record Pledge.

● How do I settle the till?
Tap the Settle Till icon, count the drawer, enter what you counted and what's going to the bank, then confirm. A mismatch asks for a quick note explaining why.

● A Bank Transfer is still Pending — how do I confirm it?
Find it in the Settle Till list and tap Complete in POS. The form reopens pre-filled — review and save. The receipt sends automatically.

Keep your PIN private. Count cash into the drawer/envelope every time. For anything not covered here, ask your event or temple admin.
