Sri Selva Vinayakar Temple

Kumbhabhishekam Donation Counter Quick Guide

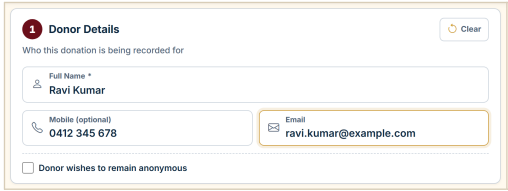

1 Sign in screen

Tap Username, then your 6-digit PIN.

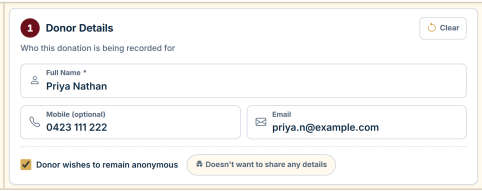

2 Enter PIN

Auto-submits on the 6th digit.

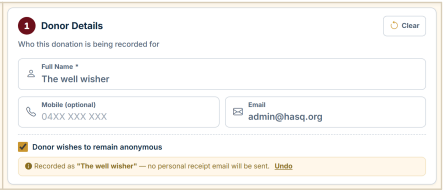

3 Donor details

Full Name required. Mobile & Email optional.

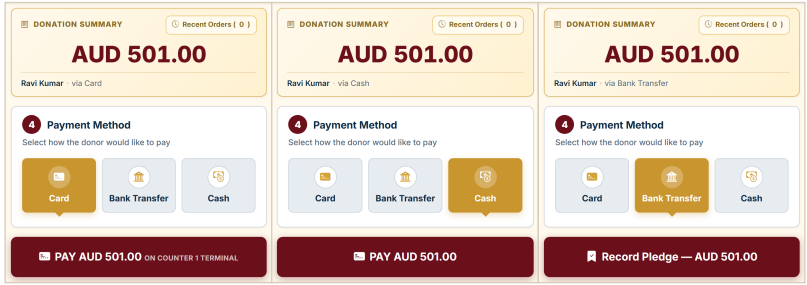

A Anonymous — keep details

Ask first. If OK: fill real details, tick anonymous.

B Anonymous — no details

Tap "Doesn't want to share any details." Fills **The well wisher** / admin@hasq.org.

4 Amount & method

Cash, Card, or Bank Transfer only.

5 Cash selected

Button reads **PAY** — instant.

6 Bank Transfer selected

Button reads **Record Pledge** — confirmed later.

$ Cash — instant
Count the cash, confirm it matches, then into the **Kumbhabhishekam cash drawer/envelope**.

C Card — instant
Hand over the terminal, wait for **Approved**. Receipt sends automatically.

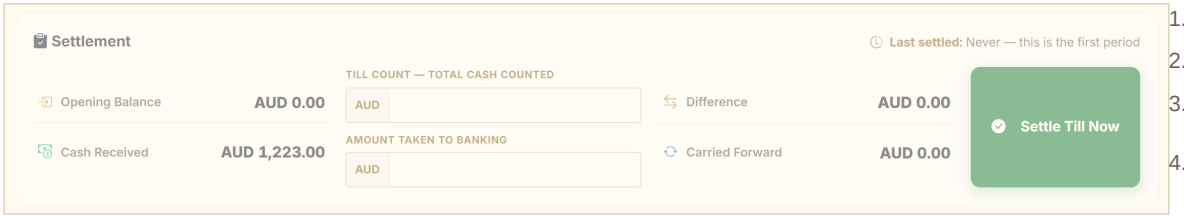

B Bank Transfer — later
An **admin confirms it later** — tap **Complete in POS** next to it in the Settle Till list, confirm, and the receipt sends automatically.

S Settle Till — end of shift
Tap your **Account** icon (top right), then **Settle Till**. Full walkthrough below.

"Would it be okay if we kept your name and email privately, just for our records and your receipt?" — ask this before a devotee stays anonymous.

✓ Once saved, the form clears and is ready for the next devotee.

Settle Till — end of shift

1. Tap your **Account** icon (top right), then **Settle Till**.
2. Count every note and coin in the drawer/envelope.
3. Enter the **Till Count** and the **Amount Taken to Banking**.
4. Check the **Difference** — if it's not zero, you'll be asked for a quick note explaining why.
5. Tap **Settle Till Now** to lock it in — whatever's left carries forward as the next period's Opening Balance.

Below the settlement figures, **Current Period Transactions** lists every donation this period — a **Pending** Bank Transfer shows a **Complete in POS** link once an admin has confirmed the funds arrived.

Troubleshooting

● PIN sign-in won't accept my PIN
Locks after too many wrong attempts; screen switches to email & password. Sign in that way, then ask an admin to reset your PIN.

● "Card" is greyed out
No card terminal is currently paired to this counter. Use Cash and let an admin know.

● Card payment shows "Payment Declined"
Tap Cancel Payment, then retry the card or switch to Cash / Bank Transfer.

● Entered the wrong email or name
Fix it before tapping PAY or Record Pledge — once saved, the receipt has already gone to whatever was typed. Tell an admin if it's already sent.

● Screen says "Network error"
Check the device's network connection, refresh, and sign in again. Tell an admin if it persists.

● Started the wrong donation
Tap Clear Form to reset everything — including the anonymous options — before tapping PAY or Record Pledge.

● A Bank Transfer is still Pending — how do I confirm it?
Open Settle Till (Account menu) and find it in Current Period Transactions, then tap Complete in POS. The form reopens pre-filled — review and save. The receipt sends automatically.

● I settled the till but the figures look wrong
Tell an admin — they can review and correct the most recent settlement from the full console.

Keep your PIN private. Count cash into the drawer/envelope every time. For anything not covered here, ask your event or temple admin.
